"Children Break"

A veteran terrorist
Before the age of six
Patterns are formed
Then reinforced
Let's go outside and play dead
Patterns are formed
Then reinforced
Let's go outside and play dead
Why do children break toys?
Tiny minds have no thoughts
From these deadly hands
Shoot seeds of death
Come inside me and wash your hands
These dreams will make us grow strong
Come inside me and wash your hands
These dreams will make us grow strong
Why do children break toys?
Tiny minds have no thoughts
Their wounds are well concealed
Inside their tiny minds
Look at their scars
Don't get too close
Have you listened to what I've said?
Look at their scars
Don't get too close
Have you listened to what I've said?
Why do children break toys?
You boys, you boys, you boys, you boys
You'll never, ever wake up again
You'll never, ever wake up again
