Thought we could breathe easily
It's not often
Instead it descends
To sew our dreams
And mail us into ? ? ?
Chase it cos it's dangerous on foot
You know I'd help you if I wanted to
Try to fill a hole inside this pain
Lives inside this house
Lives in both of us
? ? ? realise
Frightened of the world pretend that
It's your favourite daddy shirt
Wear it we're in outer space
The money's falling through the wall again
Lives inside this house
Lives in both of us
? ? ? realise
Round and round and round we go
The words are breezing and there's always
One more clue to comprehend
? ? ? jump into your head
Lives inside this house
Lives in both of us
? ? ? realise
