

## **Absolute Body Control "Is There An Exit?"**

Visit "[Is There An Exit?](#)" on [MotoLyrics.com](https://MotoLyrics.com)

And now you know that it's too late, you can't go back,  
we're past the gate  
There's no way in and there's no way out  
You're in a box, you start to shout

Is there an exit? Show me the way...  
Is there an exit? Show me the way...

The problem is there is no one  
To help you up every time you fall  
You're on your own now and you're afraid  
There is no one to hear the noise you make

Is there an exit? Show me the way...  
Is there an exit? Show me the way...

And now you know that it's too late  
You can't go back, we're past the gate  
There's no way in, and there's no way out  
You're in a box, you start to shout

Is there an exit? Show me the way...  
Is there an exit? Show me the way...  
Is there an exit? Show me the way...
