Higher than the sky above you  
Clearer than blue  
Brighter than the rays of sunshine  
Warmer than what you feel  
More than all the wonders you see  
It's the most wonderful thing

Brighter than the living colours of flowers you see  
Sweeter than the touch of water  
Flowing from the mountain spring  
More than all the wonders you see  
It's the most wonderful thing

One love! I love you so  
Love is the beautiful one  
I love you so  
Love is the beautiful one  
All we need is love  
Real love

Marvel at the sight of Greenfields  
Amazingly seen  
Watch the colours of the rainbow  
It's a miracle you see  
More than all the wonders can be  
But there's more than that

One love! I love you so  
Love is the beautiful one  
I love you  
Love is the beautiful one  
All we need is love  
Real love

Greater than what you can feel  
More than what you ever dreamed  
This is better than you're everything

One love! I love you so

Love is the beautiful one  
I love you so  
Love is the beautiful one

(Repeat till fade)
