Innocence gone, it's likely what the TV shows on  
Feelin' like a high school prom  
And you wanna pretend  
Useless and full of it  
Why no one else can believe in this  
You wanna feel somethin to call your own  
That they can cut out they can't cut it out  
I've seen better days than this  
Coming closer to my weight and over feel it

Chorus:

I don't wanna fade out, I don't wanna fade in  
Like everybody should  
I don't wanna fade out, I don't wanna fade in  
Like everything before

Fall asleep soon  
Like they're gonna wake you up  
It's pushin out this insecurity  
Well you won't push me, you can't push me  
I've got nailed slashed and bruised  
I'll get my way and I'll see the day  
That it'll come out clearer

Chorus:

I don't wanna fade out, I don't wanna fade in  
Like everybody should  
I don't wanna fade out, I don't wanna fade in  
Like everything before

Fade in, fade out (x8)

Chorus:

I don't wanna fade out, I don't wanna fade in  
Like everybody should  
I don't wanna fade out, I don't wanna fade in  
Like everything before

It's a killer underneath  
I'm in my silence  
In between us  
I don't wanna fade out, I wanna fade in  
Like everything before  
You will swear it all out  
It's far too go  
It's far too go  
It's far too go and too late  
So you can't push this through
