Catch that feeling?  
Just a tightening of the gut  
Something's out there  
It's no use to pretend it's not  
Drawing closer  
On its hands and on its knees  
Wish it wasn't?  
But it shall do just as it's pleased

It can see you  
Through the doors and through the walls  
It can smell you  
And now by God, It's on its way  
It can hear you  
No matter how quiet and still you keep  
Soon will touch you  
You'll soon find out no refuge lies in sleep

Nightmare  
It's coming to get you  
Nightmare  
Soon be all around you  
Nightmare  
Maybe going to eat you?  
Nightmare

Creeping slowly  
Across the floor and up the walls  
Soon surrounded  
There's no escape, there's no way out  
Now it'll get you  
A huddled wraith pinned to the boards  
Dreams are over  
For now it's time for the nightmare to begin

Nightmare  
It's coming to get you  
Nightmare  
Soon be all around you  
Nightmare  
Maybe going to eat you?

Nightmare  
Drag you screaming from your bed  
Pleas for mercy turn no head
