If talk could undress
The truth from address
I'd be by your side for a while

If words could express
What I felt that night
Than you would be mine for all the time

And everyone asks me
If I know what's good for me
You or my chance to survive

You're my ignorant bliss
And I won't get a kiss
From a girl that got out of my life
Once and again

If talk could undress
The truth from address
I'd be by your side for a while

If words could express
What I felt that night
Than you would be mine for all the time

And I seem to be
Outrageously
Compelled to be by her side

And I don't know what I'll
Believe in tomorrow
The girl that got out of my life
Just once and again

She walks in so gracefully
And I've been there before
She walks in so gracefully
And I've been there before
She walks in so gracefully
And I've been there before
She walks in so gracefully
And I, I've been there before
