Mmm...

Here come some wicked men  
Coming fe hurt me and me friend  
Acting like a wild pagan  
Peeping like a leggo beast  
To a cannibals fierce

They came on strong and broke the peace  
And when they came all tongues cease  
They came with guns and licking sticks  
They meant no fun, we knew their tricks  
Each one with his rock steady  
And his pistol cocked ready

Mmm...

They came on strong and broke the peace  
And when they came all tongues cease  
They came with guns and licking sticks  
They meant no fun, we knew their tricks  
Each one with his rock steady  
And his pistol cocked ready

Mmm...

We, we don't know wrong  
We're all God's children  
And we are strong  
You can, you can hurt us now  
You can, you can hurt us now  
Cause we are strong  
Strong, strong, strong, strong, oh

Mmm...
