

Abyssmal Nocturne "From The Astral Abyss"

Visit "[From The Astral Abyss](#)" on MotoLyrics.com

Winds from the freezing cold black abyss
Storms from beyond the seas of churning chaos

Nocturnal starwinds, unveil the realms beyond!

What was written purely book of lies
Scrolls of legendry reveal strength and pride

Through the dark sorcery wisdom of darkness!

Wisdom from a dying age
Through the powers of the serpent of the dark rise
from beyond...

Conjured from the distant seas thy sigils are seen in
flames!

Summoned are the rites unto the moon
Through the stars we lead the wrath
Far beyond distant realms
Through the gates we have been

From the Astral Abyss

Through the cold of the Abyssmal Nocturne, Awaken! I
call to thee
Through the distant realms of the endless seas of stars
From my summonings I conjure thee... Tiamat... ancient
dragon
With ritual candles burning rise... rise from the astral
abyss...

Summoned are the rites
Onto the Moon
Through the stars we lead the wrath
Far beyond distant realms
Through the gates we have been
