Riding to battles the dark lands  
With torches burning  
The smoke of war is here  
Rise thy kingdom of hatred... !

Unleash the fury of the storms... !

Through the dark endless silence  
Beyond the veil of night  
Sounded are the horns of war  
Into the nocturnal kingdom of night

I have summoned thee... through chaos sorcery  
Dragon of the abyssmal seas  
Rise through the flames of ritual  
The eye of the flame now... before me... !

Through ritual... and ancient ceremonial summonings  
Winds from the chilly north are so... unforgiving  
Through ancient sorcery I now call to thee

Great demons from beyond the distant seas...  
AWAKEN... !

Summoned from the dark and distant realms of the...  
abyssmal seas  
Beyond the veil of the stars where the darkness is  
undying... !

Through thy craft, conjurations of the... ancient spirits...  
!  
Summoning the nightside... through the dragon's eye...  
!

Through the dark endless silence  
Byond the veil of night  
Sounded are the horns of war  
Into the nocturnal kingdom of night
