Wait - Listen

Being on the outside is not that bad

Right now

It's the best time we've ever had

I know I know

We gotta go

We're old and bored

But in the end - Pigs lose

Takes time

But where the fuck are they now?

So hold on

Revenge will come in sweet time

I know I know

We gotta go

We're old and bored

And we killed our idols so long ago

But there's one thing though

Us old guys know

Keep on keep on

Cause in the end - Pigs lose
