

Accessory "The Trap"

Visit "[The Trap](#)" on MotoLyrics.com

Weird voices inside my head
Deaf and frozen senses
Feelings I had never forget
Blocked up by fences

A shadow and a lightning
Overcoming instincts
A weird voice that said
Please, kill this fucking head

You'll never own me
So forget this plan
You set a tricky trap that
Makes me feel ashamed

You'll never own me
So forget my name
Your spreading spores are
Driving me insane

Weird voices inside my head
Hustled me and lost the thread
This entertaining riot
Polarized my mind instead

Try to overload the void
Mute and frozen anger
I am still annoyed
While I kill the tempter
