Upagesu siyim et-iyim we-sair al re-ehu

LILIT umaseah lah man-owah

So beautiful-so lustral.  
I fear you, white-cladded by the foam of the waves  
Perfected by the aeon's caress, I paint you  
Scarlet and I present you with a poisonous infested  
Goblet:  
Babalon  
What is your Name, written under the Pentacle?  
Your radiance betrayed my eyes-  
I fail to read the acid letters on your Crown  
I raise my Sword and on your starlit  
Belly I scorch Your Title:  
Lilitu  
Tonight my Wand reminds me of your  
Tongue, consuming fire. Tonight your  
Womb reminds me of Gehenna,  
consuming light. I am your serpentine lover  
and you are my Cthonic Whore:  
L.A.Y.L.A.H  
Let your HAIR cover the Universe.  
Let our KIN trample the mortal Thrones.  
Hail, Layil, Mistress of the Deep - your uterus is the  
Gate:

Eternal Return
