Awake me black serpent of chaos
Those has knowledge of the ancient waters of Her
Reveal to me the signs of Gnosis
Amrita-Nectar of the Goddess VAMA!
Grant me immortality SHAKTI!
I place the crown of the Serpent of Omniscience
Upon my head and spell in Blood your commands
May I rise from the four corners of purity and ecstasies
And your unmanifest waters of eternity and infinity
My word made flesh THE DREAM THAT I SPEAK
Arise O dead shades of the Twilight Realms
She who bless with life those who may face her
The reflection of seven moons
In my void change my blood as elixir and turn it as
venom
To bless the wise sons of Sophia!
The abyssic darkness of Sadhana!
With my body I shall form my desire
And become the source of life!
SALAMU TAMMABUKKU ELU, MUSH MUSH
ELU NEKELMU INA!
SALAMU KISHPU LINA MUCH ELU
