

Across The Border "Beautiful World"

Visit "[Beautiful World](#)" on MotoLyrics.com

War, revolution and pain, atomic fear
the world breaks down,
no one cares, no one hears
Oceans full of shit and the rain forest dies
we close our eyes
when hundred children cry

War, revolution, pain, atomic fear

Refrain:

It' s a beautiful world, take a look how nice
it' s a beautiful world, just believe their lies
it' s a beautiful world, take a look how nice
a time-bomb in disguise

Black oil, dead birds are rotting in the sand
and nuclear weapons all over this land
acid rain, poisoned clouds,
it' s now the fucking truth
and this beautiful world
as a present for the youth
