Äœberggriffe von Polizisten auf Minderheiten sind entgegen landlÄœufiger Meinung keine Seltenheit, bekanntgewordene FÄœlle mit Sicherheit nur die Spitze des Eisbergs. Dabei ist es ÄœuÄœerst schwierig gegen diese GesetzverstÄœÙe zu ermitteln, da die angeklagten Polizisten von hÄœchster Stelle, Vorgesetzten und Kollegen gedeckt werden.

Hi folks, my name is Mr. Smith  
I take it from the poor and give it to the rich  
in a green uniform, that' s my pride  
I do what I want 'cause the power' s on my side  
I make the rules, haha, I am the law  
against minorities I fight a private war  
I am the worm in the pillars of democracy  
the electric fence around this society

We' re the wrong arm of the law

Hey you, I know you understand  
that I feel a little stronger with a gun in my hand  
a 16 year old Kurd, no he couldn' t be my friend  
the true friend of this land is the Turkish government  
"Shoot to kill" in the name of the nation  
red blood on a German station  
well sir, you see, you can put your trust in me  
I am your friend in need, do you agree?

We' re the wrong arm of the law

We' re the wrong arm of the law
