Mezame no warui itsumo no asa inu no youni gorikou

Korogaru youni kurikaesu hibi BASKET SHOES haite go  
to the "DEAD SCHOOL"

I'm just feeling nausea so bad

Agakeru hazu agaita hazu kamitsuku koto wasureta  
kai?  
Kubiwa wa nai noote wo moyase NAIL wo nutte fuck to  
the "DEAD SCHOOL"

I'm just feeling nausea  
I'm just feeling languid  
But, I don't care

Nothing is here already, I broke all system.  
People call me parasitic  
Only piles of shit, I've broken all the Rules  
People call me parasitic

No passing by, hey hey hey hey  
Monkey show is about to start  
You definitely must see it

Hey, you presidents, can you restore my life back?  
I don't think so

I'm just feeling nausea  
I'm just feeling languid  
But, I don't care

Nothing is here already, I broke all system.  
People call me parasitic  
Only piles of shit, I've broken all the Rules  
People call me parasitic

Dead school play, round and round
