I met you we made a pact Broke promises the system snaps All your lights and neon lights are old

Dicta-coated miracles and then one day the curtain called

Behind your smile you're phony and a fake

Give it up

You've been discovered (Ooh-ooh ooh-ooh)
Don't look back 'cos you've just lost your lova'
Give it up
You're an illusion(Ooh-ooh ooh-ooh)
Play our tricks and all I get is just confusion

And now we're through
The show is over
The audience is walking out the room
You know it's true, when I told ya
That all you've done comes back around on you

You said you were built to last You took my hand you made a pass The moon eclipsed and circled round my heart With your kiss my life began Your love it hit and then you ran And I hope you pay your dues I'm moving on

Give it up

You've been discovered (Ooh-ooh ooh-ooh)
Don't look back 'cos you've just lost your lova'
Give it up
You're an illusion(Ooh-ooh ooh-ooh)
Play our tricks and all I get is just confusion

And now we're through
The show is over
The audience is walking out the room
You know it's true, when I told ya
That all you've done comes back around on you

(Uuuuuooooooooohhhh uuuoh)

You might think I'm sitting home and crying But I'm not, oh no I've pulled the Queen of Clubs, there's no denying I'm having the time of my life

And now we're through
The show is over
The audience is walking out the room
You know it's true, when I told ya
That all you've done comes back around on you

And now we're through
The show is over
The audience is walking out the room
You know it's true, when I told ya
That all you've done comes back around
All you've done comes back around
On you.
