"Voice From The Tallest Tower"

Female selection
Burdened with sterility
Is unjust creation
Of tireless kisses
Talkativeness
Isn't my strong side
Totally deaf
I will remain to this call

Voice from the tallest tower

Sanction of additional
Conception of this seed defeat
Won't be changing anything
In my tired blood
Soiled in gore of
Rudimentary arrangement
I had overlooked
The next handkerchief
Sticking from the top of the tower

Voice from the tallest tower
