My irradiated heart
Her love glows green
Under layers of earth
We survived the end
We survive to die
Death radiates into
Our life diminishes
I withdraw in mind

Thoughts of Juliet
Explosions in her eyes
Her figure is frozen
Her stare is hollow
My body awakens
A solitary gloom
My love is gone
Her shell remains

Walls dimly
They glisten
Her thoughts and blood
Are poisoned
I ascend
Mother's skin
Is charred
The homicidal offspring

[Chorus]
My irradiated heart
Her love glowed green
Under layers of earth
She escaped the end
Roaming the surface
Surrounded by death
I wander in flames
She wanders in hell

I wander in flames
She wanders in hell
I wander in flames
She wanders

[Chorus]

Thoughts of Juliet
Explosions in her eyes
Her figure is frozen
Her stare is hollow
