Adam said:

In the garden of
Eden
I call you at my side
Before death can takes me
Get the seeds from the
Tree of life

Back to the gates, down his father
Who by this time has died

Before he covered him with dirt
And placed the seeds of life

Nailed to
The cross of life
The lies had been thrown into the light
Golgotha, save us
From
Mortality and spread your power

The mighty Massra tells
That Seth
Became the lord of the night
He rapes the good and he lets
His legions fall
Upon the earth
