[PART I: Bearer of Aquarius]

When you stand at the gates of Anu  
For you have ascended the road to Heaven  
The snake shall be revealed to yourself  
In the mighty symbol of life  
But is this true?  
As winter is coming  
Are you still searching for answers?

[PART II: Revelations]

A scale on your skin  
Stigmata of a false conception  
Burning your temptations  
I feel a deep hole within  
The truth I will find  
With a quick glance in your eyes  
A fiery conclusion  
For the sake of mankind

The end on your heels  
Embrace the lights of hell  
The promises that were  
Made of human flesh  
Enslave all the weak  
Make them pay for their lies  
A glimpse of my power  
For the sake of mankind

You!  
Have sent your prophet  
To die on a rotten cross  
And put on his shoulders  
All the sins of the human race  
You!  
Carry all the secrets  
Of a longtime evolution  
But true knowledge will come  
In the end when all is done

I am the son of man  
I am Asari's soul  
I am the evil one  
#F' 9/H 'DDG

I feel a deep sadness within me  
Resistance is futile  
This is the prologue of the end  
He's now the judge  
I am defendant  
Against a jury filled with death and it's slaves

Oh please forgive me  
Turn on the lights and set me free
