Is it snow'n, its snow'n (Brrrrr)

You see me here with just that feeling
And you better rejoice
It's the pleasing of the season so you don't get a choice
There ain't no reason for you to be leavin'
let's just chill and relax
And we'll talk about the holidays, i'll kick you some facts
We're going down, especially since the snow hit the ground,
The winter around, no vibes and you feelin' it now
Ya hearing it?
And presents are coming in stacks
And I'll be coming right back
to see how they react

Chorus

Hands in the air
We're going crazy
No more school
Kick back, be lazy
Christmas wishes
Mistletoe kisses
Happy holidays
wheres the egg nog Santa must have drank it up
He tried sliding down the chimney, but his butt got stuck
In the winter time cool
We gonna act a fool
Say happy universal holidays

Ooh, i love the holidays gone for a lot of days
Music coming handy
Chilling with my family
Vacation overseas its what will probably be
Because the season's for a while and I got a lot to see
The season has come around and Santa is coming real soon
So move the tables from the kitchen we can give it some room
Note in my hand
That the holiday hit the land
I'm telling you all my plans
And I'm hoping you understand cause

Chorus

Hands in the air
