[Hook]

Cuz you bad girl
Ooo ooo ooo ooo
Cuz you bad girl
Bad Girl

Come little closer to me
Lay down let's make the bed shake
My body is callin' for you
You'll see what I'm gonna do

[Verse 1]

You just gotta hurry
You got what I need
Let's start it slowly
You're makin' me sweat

Oh baby I got your signs
Stop playin' with me now
I already know where you're goin'
We have no time to stand
Take your clothes off
And just let it pop

[Hook]

Oh come little closer to me
Lay down let's make the bed shake
My body's callin' for you
You'll see what I'm gonna do

Cuz you bad girl
Cuz you bad girl
Cuz you bad girl
Ooo ooo ooo ooo
Cuz you bad girl
Ooo ooo ooo ooo

[Verse 2]

I'm startin to lose control
I know you want it so bad
So drop that back

Lemme hit that ass
Gonna make you scream "Oh Yeah!"

Oh baby I got your signs
Stop playin' with me now
I already know where you're goin'
We've no time to stand
Take your clothes off
And just let it pop

[Hook]
Oh come little closer to me
Lay down let's make the bed shake
My body is callin' for you
You'll see what I'm gonna do

Cuz you bad girl (Uhh)
Cuz you bad girl
Bad Girl
Cuz you bad girl (Uhh)
Cuz you bad b-bad
Bad b-bad girl

Oh Whoa
She's a bad girl
Oh whoa
She's a bad girl
Cuz you bad girl
Bad Girl
