[Verse]

Let your body lose control
Let your your body hit the floor

[Chorus]

We gonna rock this club
Until the night's gone
We gonna make you feel alright
We gonna party all night (Party all night)
Till the sunrise

We gonna party hard
We gonna party
We gonna party hard
We gonna party
X2

[Verse 2]

We're doin' it till death
Dance like it's the last time
Of your life don't miss any second
