with you  
with you  
life with you is like a dream  
ohh my heart is filled  
with you  
with you  
life with you is like a dream  
ohh my heart is filled

no one else would love you like me  
I've got my mind set on you  
you are all i need to get by  
pretty girl looking  
perfect girl i've wanted

hey baby girl  
take my hand  
let's go out  
stay by my side  
wake up my mind  
let's don't waste our time

with you  
with you  
life with you is like a dream  
ohh my heart is filled  
with you  
with you  
life with you is like a dream  
ohh my heart is filled

Hold onto my hands  
Let's build our love  
stay with me all day  
I need your presence (yeah)

hey baby girl  
take my hand  
let's go out  
stay by my side  
wake up my mind

let's don't waste our time

with you  
with you  
life with you is like a dream  
ohh my heart is filled  
with you  
with you  
life with you is like a dream  
ohh my heart is filled

I'll keep on loving you  
I'll be there for you  
I'll melt in your eyes  
You'll in my eyes  
I'll swim in your soul  
because baby you're my whole  
(i'm gonna stuck on you)

with you  
with you  
life with you is like a dream  
ohh my heart is filled  
with you  
with you  
life with you is like a dream  
ohh my heart is filled
