Hey pretty baby come and save me  
I got a confession for you  
Call me crazy but I may be  
Committing a crime of the first degree  
I'm not pretendin' I mean what I'm sayin'  
I'm commin' in with my hands up high  
Gotta face it I'm not gonna make it  
Without your lovin' I got nowhere to go

Don't you see what you're doing to me  
I'm in love and I can't break free  
Now I'm begging would you baby  
Please don't leave me hangin'  
Oh no no no

It's a lock down baby, you drive me crazy  
Ain't no escaping, the love's got me doin' time  
You're my attorney, my judge and jury  
I'm feeling guilty so lock me up and throw away the key

I said lock me up and throw away the key  
Lock me up and throw away the key

You can restrain me, you can search me  
I'm giving all up just to be with you  
I'm so happy now you've got me  
And I surrender all my loving to you

Don't you see what you're doing to me  
I'm in love and I can't break free  
Now I'm begging would you baby  
Please don't leave me hanging  
Oh no no no

It's a lock down baby, you drive me crazy  
Ain't no escaping, the love has got me doin' time  
You're my attorney, my judge and jury  
I'm feeling guilty so lock me up and throw away the key
