### "A Beautiful Life"

Sorrow seems a part of life  
and I know youre happy now  
cause youre dreaming all the time

I hope that youll enjoy  
the new world above  
Im still thinking of you

You had a beautiful life  
You had a beautiful life

It makes me stronger day by day  
and I will truly find my way  
time will heal those wounds

I will wait here till the day  
that youll say that youre OK  
I will keep your heart as mine

You had a beautiful life  
You had a beautiful life
