Down the road of betrayed ones,
Deep in soul of the fallen,
I'm looking, now, for the reasons
Why did they leave us?

Even sky started to cry,
It felt that someone's gonna die,
All we can do now is to save
Memory on their journey from the cradle to grave!

Down on their knees,
With guns in their faces,
Kill me please!
I can't watch such disgrace!

If I could take time backwards
I would still do the same,
Just marching onwards
With nothing to be ashamed

It's not in our blood
To run and to retreat,
We are not scared of death,
We are scared of defeat!

Down on their knees,
With guns in their faces,
Kill me please!
I can't watch such disgrace!

They took the right to make blood leak from the bodies
of the weak...
Who gave them right to make blood leak from the
bodies of the weak?

Down on their knees,
With guns in their faces,
Kill me please!
I can't watch this!
I can't watch this!
I can't watch this!
I can't watch... this!
