Why won't you try?
Why won't you try again?
Why don't you cry?
Your rape, it lies again
I wonder why
Pain fades with time again
I want to fly
I want to fly again

Do you recall?
I caught your fall
Did you forget us?
I took your soul

Don't try to lie

Don't try to lie again
I pull and fight
Your twisted mind again
Why can't I find
The morning light again?
I want to shine
I want to shine again

Do you recall?
You made me crawl
Did you forget me?
You leave me cold
