You're so dysfunctional
Far too emotional
Think you're unbreakable
Oh, so untouchable
I'm looking for the signs
A scarred shadow in the light
Only one thought remains
I'm smiling at your pain
I spit on your holy slaves
They swallow everything
I want them to believe
You are obscenity

Ain't gonna come back to you
Ain't gonna come back to you
Ain't gonna come back to you
Ain't gonna rise up to you
Ain't gonna come back to you
Ain't gonna come back to you
Ain't gonna come back to you
Ain't gonna rise up to you

Get down upon your knees
No mercy, no reprieve
Come here and take the stand
Clean the blood off your hands
Do you need identity?
Called Christianity?
Why can't you realise?
Your fucking bible lies

Ain't gonna come back for you
Ain't gonna come back for you
Ain't gonna come back for you
Ain't gonna rise up for you
Ain't gonna come back for you
Ain't gonna come back for you
Ain't gonna come back for you
Ain't gonna rise up for you
