

Adequate Seven

"No Space"

Last one to distort my feelings
Through the images conveyed
No space
Reinforced to protect your interests
Out of my depths with you
We wanna consume this
And you need the product
Won't let adverts dictate my identity
We shouldn't stand being told what to look like

Why not question this attitude
You looks so cool in the gap ads
And treat girls like shit
Lets get fucked in ibiza
Well I reject this
You really fancy a big mac
Teach us how to be men
And that it's cool to be sexist
Well I reject this
