Baby I'm too young to know any better  
But I guess I'm just too old to care  
I'm waiting on the morning light to clear the air

Love is guide, is always  
But it goes back you paid back  
All that signs keep me going back

I'm the one that you hated, you know  
The one you didn't wanna believe  
One that you hated, take the look at me now  
I'm the mess you created  
The one that you hated

Right the things you said barely are a secret  
And I'm going  
I guess I love you without steps running back

I'm the one that you hated, you know  
The one you didn't wanna believe  
One that you hated, take the look at me now  
I'm the mess you created  
The one that you hated

Breathing, breathe loud  
Breathing, breathe loud  
We can't go back...

Baby I'm too young to know any better  
But I guess I'm just too old to care  
I'm waiting on the morning light to clear the air

I'm the one that you hated, you know  
The one you didn't wanna believe  
One that you hated, take the look at me now  
I'm the mess you created  
The one that you hated  
You know  
The one you really wanna believe  
One that you hated, take the look at me now  
Got me so frustrated  
In the mess you created

The one that you hated
