Well, it goes nowhere  
And it does nothing  
It goes nowhere  
And it does nothing  
It goes nowhere  
And it does nothing  
It goes nowhere  
And it does nothing, nothing, nothing

But Sulu knew  
And Spock did too  
And of course, the crew  
And it was all for you  
Yeah, me and you

Well, it goes nowhere  
And it does nothing  
It goes nowhere  
And it does nothing  
It goes nowhere  
And it does nothing  
It goes nowhere  
And it does nothing, nothing, nothing

With it's cardboard parts  
And it's light bulb starts  
It nearly fell apart  
Still, it captured hearts  
All our hearts

The critics would say  
The sounds you would make  
Were so second-grade  
And your instruments were fake  
Well, of course, they were fake  
Like the flimsy displays  
And the glitter  
And the latex  
Paint on their faces  
Scientists would say  
It's not like that in space  
Some fucks love to hate

But, I thought you were great  
We thought you were great

Well, it goes nowhere  
And it does nothing  
It goes nowhere  
And it does nothing  
It goes nowhere  
It goes nothing  
Yeah, it goes nowhere  
It does nothing, nothing, nothing
