Here I stand all alone
My shaking hands are all I own
And your star-struck lips
They just reminded me of what I've missed
What I've kissed

Shiver at the sight of you Shiver when you shine to view Shiver when you come crashing through

Shiver at, shiver at the sight of you Shiver when you come shining This is the only way out, this is the only way to go This is the only way out, this is the only way I know I know

Shiver at the sight of you Shiver when you shine to view Shiver when you come crashing through

Shiver at the sight of you Shiver when you come shining through Shiver at the sight of you Shiver when you come...

Shiver at the sight of you Shiver when you come crashing through Shiver at the sight of you Shiver when you come shining through Shiver at the sight of you Shiver when you come crashing through
