And then I awoke from a dream
I didn't really want to
And then I heard your tiresome scream
I really don't need this
And then you said, "Where's the sun?"
Well, are you really so stupid
And I don't need you or anyone
Oh this feeling is glorious

I've got hope and hate
And I'm feeling kind of great
Kind of great

And now I stand here, just as before

Only maybe more so
And you said you know the score
Well I don't want to know
And there's a whole world outside
That I didn't know about, I don't need it
I don't want you to share your knowledge out
And the feeling's called glorious

I've got hope and hate
And I'm feeling kind of great
Kind of great

It's glorious
