I'll be your saint
I'll wear a halo
And I'll perform miracles
If you want me to stoop that low
I'll be a saint
I'll be a saint

I'll be your saint
I'll be your saint
I'll be your word, I'll be your life, I'll be your heart, I'll be
your lights
I will be
I'll be word, I'll be love, I'll be heart, I'll be your god
I'll be anything you want
I'll be anything you want

Let me sink my eyes
Down into your holy mine
And come and lay me down
Down, down with your cross to bear
I'll be your saint
I'll be your sinner

I'll be your saint
I'll be your saint
I'll be your word, I'll be your life, I'll be your heart, I'll be
your lights
I will be
I'll be word, I'll be love, I'll be heart, I'll be your god
I'll be anything you want
I'll be anything you want

I'll be your word, I'll be your life, I'll be your heart, I'll be
your lights
I will be
I'll be word, I'll be love, I'll be heart, I'll be your god
I'll be anything you want
I'll be anything that you want
