Well, I'm upside down and back to front
I really don't know where I'm coming from
I feel love has got the better of me
I've got stars in my eyes, scars in my mind
Sometimes, well, I'm star-blind
Okay, maybe all the time

I'm gonna come back soon in another life
I'm gonna cut up your words with my butter knife
So casually
And then we'll be free
I'm gonna come back soon in another life
I'm gonna cut up your words with my butter knife
So casually
And then we'll be free
For the next time

I'm wrong way around and split right through
I really don't know where I'm going to
I want to go down in history
I'm uncertain but one thing's for certainty
You're going to use these words against me
You may put it down to your vanity

I'm gonna come back soon in another life
I'm gonna cut up your words with my butter knife
So casually
And then we'll be free
I'm gonna come back soon in another life
I'm gonna cut up your words with my butter knife
So casually
And then we'll be free
For the next time

I'm gonna come back soon in another life
I'm gonna cut up your words with my butter knife
So casually
And then we'll be free
I'm gonna come back soon in another life
I'm gonna cut up your words with my butter knife
So casually

And then we'll be free
For the next time
