Oh yeah
Uh huh

Lost and all alone
Lookin' for a reason for being in this crazy world
Trying to go on
Lookin' for the answers to the questions

There you were
From the moment you appeared
Everything became so clear
I'm so glad you found me, boy

I smile when I think about the way you turned my life
around
I smile when I think about the happiness in you I've
found
I'm so amazed at what your love has done
And when I think the best is yet to come, I smile

Wandering in the dark, lost in the confusion
I thought I was losin' my mind for sure
I searched with all my heart, lookin' for direction
Somethin to believe in

There you were
And you were reachin' out to me
You were everything I needed
I'm so glad you found me, boy

I smile when I think about the way you turned my life
around
I smile when I think about the happiness in you I've
found
I'm so amazed at what your love has done
And when I think the best is yet to come, I smile

'Cause you've turned all my gray skies
To the brightest blue
My life feels like sunshine and it's all because of you
All because of you

Oh yeah

I smile when I think about the way you turned my life
around

I smile when I think about the happiness in you I've
found

I'm so amazed at what your love has done
And when I think the best is yet to come

I smile when I think about the way you turned my life
around

I smile when I think about the happiness in you I've
found

I'm so amazed at what your love has done
And when I think the best is yet to come, I smile

La la la, ooh
Ooh, yeah
