I feel I'm not the same
I'm alive but something's changed
Like every leaf that is falling to the ground
It's still alive, but not the same
Oh no oh...
Oh no oh...

These are the times we all feel pain
A helping hand, would be nice to feel again.
For simple man, who's down on his knees so I'm
bagging you please
I want you help me understand

Come on and shine, get out of need, I need a friend
that help to seek
Cause every time I open my eyes

Reff:
I know...
I don't wanna wake up and make same the mistakes
It happens to me all the time
If I lie I'll loose it all, if I stand there in the cold
I've got to lay it all on the line

I see a child and playing,
I feel the struggle through each and everything
Even though I know that, you miles away
I'm just stand to hear you say...
Hello...

I get so lost, in my disease
I missing precious memories
Every time I open my eyes

Reff
I know...
I don't wanna wake up and make same the mistakes
It happens to me all the time
If I lie I'll loose it all, if I stand there in the cold
I've got to lay it all on the line

I swear this time, I'll get it right.

And I swear this time, I gonna lay it all out on the line...
on the
Line

Oohh we get so lost, and what to beast, we living die
we tried to peace
But every time I open my eyes

I know...
I don't wanna wake up and make same the mistakes
It happens to me all the time
If I lie I'll loose it all, if I stand there in the cold
I've got to lay it all on the line

Oh no... hmmm...
