We met by chance  
I saw you shine  
That ancient dance  
Seems new each time

Just break my fall  
I've got too close to you  
Just break my fall  
And my heart will never know

When flying high  
I see the ground  
The place where I  
Know I am bound

Just break my fall  
I've got too close to you

Just break my fall  
And my heart will never know

It's quiet in here  
You drain your cup  
The offer's clear  
I take it up

You'll break my fall  
I got too close to you  
You'll break my fall  
And my heart will never know  
You'll break my fall
