Dim veils were torn,
The fallen star was born
Strange flower was in flames
'Twas the cure for all my pain.

I'll release the blackest sins
Show them as the brilliance ov stars
On the precious wings ov Aengeldark!

I'd looked in her eyes -
The sun arises
(Like an) Awoken bride
Subduing her I sacrificed my soul.
Ascending powers are now mine to hold!

The angel's fall
Left it's mark upon my heart and skin
Though I faced worms
I won because I'd known I'd win

I'll release the blackest sins
Show'em as the brilliance of stars
On the gorgeous wings of Aengeldark

I'd looked in her eyes Â–
The sun arises like an awoken bride
Subduing her I sacrificed my soul.
Ascending powers are now mine to hold!

So when I see
My heart in the mouth ov misery
With pride I stand
While whispering Her darkest spell:

"Now I am the potent one on Earth
Sowing death and giving birth
Your effigy will always stay
As you command I shall obey"

Through the myriads of transformations
Through the horror gates of disillusion
Through the thorns of scorching fire

Caressing Fire!
