

Aeons Ov Frost

"Aurora"

Now she's hidden underneath
Anticipation ov her bliss
Iz in the shadow ov the night

But her awakening iz near
I'm waiting to face her with fear
With trembling and with dark delight

Aurora Â– thy Dawn iz mine!
Illuminate me, make me realize

The winds blow at your will
Calm inside I'm standing still
Look Â– the gate iz opening!

A herald ov the new day's flames
Your significance iz immense
And your influence iz cleansing

Aurora Â– thy Dawn iz mine!
Illuminate me, make me realize the rights
Your scarlet rights
