So take a deep breath and let it go
You know it's good for you and for us
When you're ready let me know
I'll contemplate the waste and the hurt
I know the road now
I know the road now

In our usual way
We can celebrate life
Raise a glass of wine
Beat my consciousness down
I'm ready to surrender
I'm ready to dissolve
I'm ready to surrender
Lately I don't feel much at all

So take a deep breath and let it go

You know it's good for you and for her
Even though you may be wrong
You calculate the waste and the hurt
I know the road now
I know the road now

In our usual way
We can celebrate life
Raise a glass of wine
Beat my consciousness down
I'm ready to surrender
I'm ready to dissolve
I'm ready to surrender
Lately I don't care much at all

So take a deep breath and let it go
You know it's good for you
