When night should eat myself  
Our pride is to feed blood ov someone else  
Great night was pierced by darkness  
When we became an echo ov shadow  
You can't leave this place alive Your soul is intoxicated

Scarlet eyes are no longer shine Â– dusk, dun,  
darkness...  
Light demolishable skin Â– shade, ghost, absence...  
Electrical blood streams Â– thirst, lust, insanity...  
Daymare kingdom ov iridescent fear!

Their mouths are full ov crows.

Our hope is your bloody bodies We are waiting for the  
moonrise  
Fylfot ov red sunspot Â– A skull in crown ov flesh  
We love twilight and nightmare We hate your pool ov  
life

Their wings are made of claws

Liquid eyes scream with stars.  
Suffering and never see the dawn.

My shadow will fall, Night should be overtaken with  
black aureole  
Nothing will embrace us all
