North stars won't shine  
Odes to the sign!  
Voices quavering  
Astral war begins

Nights must be shred  
Orbs collapse in deaths  
View the cosmos burning  
Art of stellar growth

Nova will blast  
The future, the present, the past

Not for a long time  
Ores ov stars will shine  
Validate what's real  
Animate your will

Note this incident  
Onward movement  
Vow with the new light  
Always to seek the might

The Nova sets free  
Them, you and me

Stronger then ever our spiritual growth  
We're stronger together Æ– we've found the new force  
Force is awaiting Æ– let's blast it free  
Freedom is power, power to do and to be!

Nova will shine!
