Keep twisting the kaleidoscope of colors  
With every turn my body tumbles  
These feelings adhere to others  
Late day rain gonâ' make more puddles  
Wonâ't let them take away whatâ's locked in my fist  
Itâ's the (?) makeshift skiff along with the bathwater  
mist  
Float some more this boat wonâ't tip no no  
The reflection of the blue sky hits the green sea  
(?) into my city  
If my heart stops to beat at least Iâ'll have what Iâ've  
seen  
Gotta defend this for my life  
Gotta save it from the shade and make it shine up in  
the light  
Gotta make it mine  
And keep it in storage before the whole ocean gets  
swallowed up by the storm

Donâ't step up in my way again  
Cause Iâ'll take it, cause Iâ'll take it wrong  
Donâ't step up in my way again  
Cause youâ'll have it, cause youâ'll have it  
Donâ't step up in my way again  
Cause Iâ'll take it, cause Iâ'll take it wrong  
Donâ't step up in my way again  
Cause youâ'll have it, youâ'll have it on you

Iâ'm living through new experiences  
Iâ'm tense only when I think about it  
Iâ'm drunk off palms and picket fences  
Clean conscience from that as a shower  
Main grove, old stones, capos, just singing sweet  
songs  
Outside drinking calling shots  
Sunrise I wonâ't fall  
Tide goes in, tide goes out sometimes I wish I could  
forget about the way it used to be  
But today is new for me  
And Iâ'm loose in it, yeah yeah  
Touch the water before you dive in it or if you dive in it

(Or if you dive in it, or if)  
Good rest without it  
Blow out the window along with the breeze

Don't step up in my way again  
Cause I'll take it, cause I'll take it wrong  
Don't step up in my way again  
Cause you'll have it, cause you'll have it  
Don't step up in my way again  
Cause I'll take it, cause I'll take it wrong  
Don't step up in my way again  
Cause you'll have it, you'll have it on you
