Worried about material shit  
Not about our dying world  
Everything seems to go to waste  
When you see the destructive things  
You are controlled by paper  
So you can afford your life  
Buy it back from our great country  
Nothing is ever free

Chorus: 4x  
American  
Filth

It dictates your every move  
It controls your minds thoughts  
It makes you do the things  
That they want you to do  
Sell your life for the shit  
The same life that you live  
Buy it back from our great country  
Nothing is ever free

Chorus: 4x  
American  
Filth

Bridge: 4x  
We are the purest of american filth  
We are the ones that will sell you away

Chorus: 2x  
American  
Filth

Bridge: 2x  
We are the purest of american filth  
We are the ones that will sell you away

Outro: 4x  
We are all covered in filth
