Denying the christian submission
Ridiculous ideology of bastard servants
Believers in an illusory savior...
The most perfect figure of hypocrisy...
I close my eyes to them... Free of all distortion
Waiting the (quint) essence of Sariel season's creation.

Blessed are the beautiful words of Blasphemy
Blessed is the (I'm)purity of the human integrity

Touching the skies in search of wisdom
Shine ways by fire and guided by winds...
Fed we are by Lust and Lascivious desire...
Almighty powers from Hadez's abyss...

"BE THY OWN GOD
BY THY OWN NATURE
BY THY OWN FREEDOM
BY THY OWN WILL FOREVER..."

The streams aren't made by nails...
And our hearts aren't made by lies...
Look inside to your own principles... not tales, not lies

Beholded will be the glorious sunrise...
Beseeched will be the sweet pleasures of our lives...
Full we are in impurity... Full we are in hate...
The Fury as the light... The Law as the might...
All the feelings burn to my supreme fate...

The Eternity, that I await...
The Eternity, that I await...
