Blank Page
Fill me in
Tell me where I begin

I don't know how to handle this
There's nothing to cross
Off my list

Standing still is full of pain
I hope I find some peace someday

Exposed and naked
Why is life so complicated

I wish things
Were more simple
I wish I learned by example
Standing still is full of pain
I hope I find some peace someday
And maybe Divinity
What it really means
Is to give away what you think you need
Who you think you are
Who you wanna be
And just be here now

Standing still is full of pain
I'm counting on your saving grace
Not my will but thy will be done
Thy will be done...
